Plugin Update: Inactive Logout - Version 3.2.0 to improve performance and overall functionality.

Design Changes (look and feel)

MWPR- 1381 - Homepage Blog Roll Title

Homepage Blogroll will have a dark blue box around the title of post to create a greater contrast against images.

MWPR-1382 - I Need... Section Skip Link

Skip link has been added to the Homepage that leads to the "I Need…" section.

MWPR-1383 – Active Page Footer Link

Link option in the footer is greyed out and unlinked for the page the user is currently viewing, this will reduce redundancy for screen readers.

MWPR-1384 – Wizard Titles

Wizard visible titles are updated to add more clarity for screen readers.

MWPR-1385 – Country/Area Menu

The country/area menu includes the typing feature to narrow items that must be tabbed through for 508 compliances.

MWPR-1388 – Remove "Read More" from RSS Feed Post

The "Read More" button and zoom on hover has been removed, and replaced with underlined title and whole post is clickable.

MWPR-1389 – Callout Arrow Size

Navigation arrows in the Callout section have been increased as follows:

- Main Previous/Next arrows (upper left corner): 22 px
- Expand/Collapse arrows (upper right corner): 25 px
- Previous/Next in Expanded Area (expand callout for arrows on sides): 28 px

MWPR-1390 – Homepage Blogroll Updates

Changes made to the homepage blogroll: categories and "read more" sections have been removed, added underline to title, whole post is clickable.

Functionality Changes

MWPR-1387 – Social Media Icons Accessible Title Field

Social media icons include accessible title fields to accurately include descriptive content for screen readers. This content is for screen readers only and will not display on front-end.

1. **N**avigate to any block containing social media Icons
    o Example: Leadership, Locations, Social Media Blocks
    o *Note: For changes to Share Bar and Footer: send a ticket to GPA Helpdesk.*
2. **A**dd/**U**pdate social media row
3. **A**dd descriptive text to the text field for the social media icons
    o Example: Follow Embassy (city name) on Facebook
4. **S**elect icon from drop down list
5. **A**dd URL
6. **U**pdate/**P**ublish
